

PART NUMBER: T061MRDS

PRODUCT: [RDS BUMPER](#)

APPLICATION: 07-15 FJ Cruiser

Parts Included:	Qty
RDS bumper w/ Skid plate	1
Hardware :	
Uses Factory hardware	

INSTRUCTIONS:

Step 1: Remove factory bumper and set aside. Save the (8) Hex head frame nuts that attached the bumper to the vehicle.

Step 2: Some models may require the trimming of front fascia support brackets. *Fig. A*

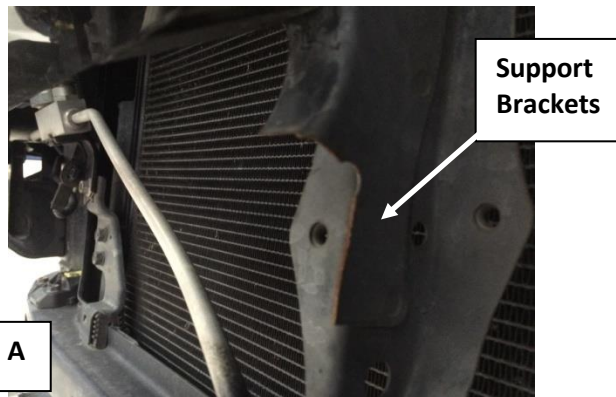

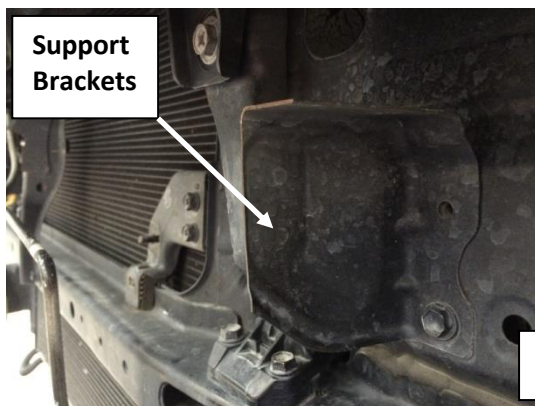

Fig. A

Step 2: Carefully remove AC line support mount and discard. *Fig. B*

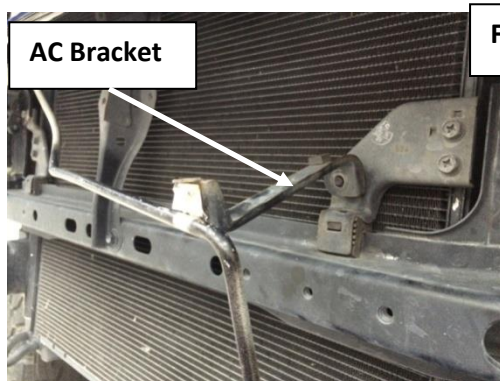

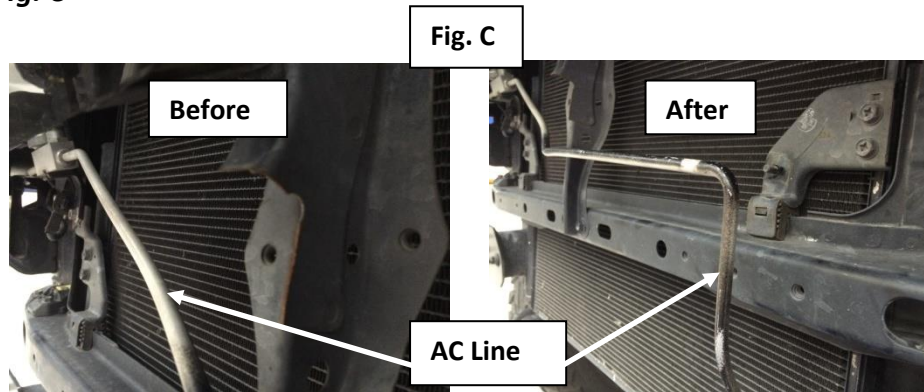

Fig. B

Step 3: Carefully push AC line back towards radiator to ensure there is no contact with RDS bumper. *Fig. C*

Step 4: Carefully install RDS bumper to the (8) factory stud locations. Use the Factory Hex head nuts from step one and loosely fasten at this time.

Step 5: Once bumper is properly aligned, tighten all hardware. This concludes your RDS bumper install.
